

The surgery in Rocca d'Evandro was opened shortly after my arrival in Italy. I started working there from the beginning and was able to share in the growth of it. I have attached my heart to this place and the clientele.

I also had no doubt whether I would take over the surgery and continue the work there. Thanks to Dorothea and the Mondo Animale Foundation, I can participate in the project "Spay Italy" and offer sterilization at an affordable fee.

I am grateful for everyone who entrusts his animal to me and hope that I can continue to help improve the situation for animals with education, information and, above all, sterilization in the future.

NEWS from Japan:

young vets from Japan, in January 2022, founded a non-profit organization called "SPAY VETS JAPAN". They all have experienced the necessity to change the approach to the stray problem through preventive measurements, especially through birth control. They promote early spaying/neutering, especially for animals before re-homing. After having had the same problems in Italy for example with re-homing of not castrated female puppies: the owners never came back for free neutering, but dropped off a case of puppies born from their mothers not even 6 months old. These cute little babies created a huge problem in our Centre (especially not enough volunteers to socialize them). For this reason, we started already nearly 40 years before to neuter puppies and kittens, female and male, before re-homing and the dumping of litters reduced very quickly. Since most of these early spayed and neutered puppies and kittens remained in our area and became future clients, we had a follow-up for many years and did never find any negative consequences to early spaying/neutering. The Japan vets recommend to spay/neuter cats at any rate before they are 5 months old and dogs before the first heat.

Dear Supporter,

LEGA PRO ANIMALE are trying to maximise all funds donated. British citizens can make their donation go further by sending it via AISPA, the Anglo-Italian Society for the Protection of Animals. The major benefit is that they can claim 25% tax back via the Gift Aid Scheme. Clearly, this substantially increases your gift to us. If you become an annual member (minimum £3), AISPA donates a free spay/neuter to any Italian animal. Live membership is only £50. AISPA was founded in 1952 and, in addition to LEGA PRO ANIMALE, supports around 30 other sanctuaries in Italy. If you decide to help through AISPA, please make your cheques out to them (AISPA), but also add a note saying that the donation is specifically for LEGA PRO ANIMALE. AISPA will send the necessary Gift Aid form.

Mail your donations to:
AISPA, 30-34 New Bridge Street, London, EC4V 6BJ
